

## Welcome to the “Back to the Bible Course”

---

Greetings Fellow Bible Student:

Welcome and thank you for signing up for the “Back to the Bible Course”! The purpose of this course is to challenge those seeking to do the will of the Lord to consider their beliefs and lifestyle in comparison to the Bible. It is our hope that by taking this course, the student will understand what is required in order to go “Back to the Bible”.

The religious platform that defines our society today consists of a multitude of ideas and concepts, many of which claim to be based on the will of God. This course is intended to transcend the denominational religious structure that has polluted the purity of Biblical instruction. The student will succeed in effectively learning what is required to go “Back to the Bible” if he or she enters the study with a non biased approach in considering the Biblical words and scriptures used throughout this study. It is our prayer that the students of this course will have a desire to know the truth concerning God and will not stop his or her ears to the truth of the Bible. “If any man has **ears to hear**, let him hear” (Mark 7:16).

This course is not a denominational, man-based course that attempts to convert souls to a specific doctrine of man. It is also not an inter-denominational course that approves any and all doctrines that man has derived. The “Back to the Bible Course” is a **PRE**-denominational study of scripture that instructs the student in the pure doctrine of Christ without going beyond His teachings. “**Whosoever transgresseth, and abideth not in the doctrine of Christ, hath not God. He that abideth in the doctrine of Christ, he hath both the Father and the Son**” (2 John 9).

How much are you willing to give up to go back to the Bible and live acceptably in the sight of God? Is being right with God worth forsaking any beliefs that are contradictory to His will? It is our prayer that those taking this course will do so with an honest heart that is willing to make life altering changes once learning the truth of the Bible.

The course consists of seven sections. Each section has a lesson covering a specific theme along with a series of questions throughout the lesson. Once the questions are answered, the student will return the worksheet using the pre-stamped envelope that is provided within the section. Upon receipt of a completed section, the next section will be sent.

When one comes to a river of water that is miles and miles away from its original source, they are left with water that is muddy, dirty and polluted. However, if he or she will go back to the original source, they will find the healthy, sound and pure water without the pollutants that are found miles away. In order to restore pure, New Testament Christianity, one must go back to the original source. Thank you for making the decision to go “Back to the Bible”.

May you trust in Him,
